

Brampton Ellis Church of England Aided Primary School

NOTICEBOARD

- For this term, indoor P.E. will be every Wednesday and outdoor P.E. will be on a Friday. So please remember to have the appropriate kit for both sessions.
- Please remember to read at least five times per week and bring your reading record into school so these points can be counted!

Peregrine

English

This week, Peregrines have continued to study the novel Phoenix and have been looking at features of a narrative, more specifically an adventure narrative. We have created some interesting written work involving dialogue between characters, show not tell and cliffhangers and the children have really been able to use their imagination in their work!

Maths

In maths, we have finished our block of learning on multiplication and division. We have been focusing this week on short division and how to carry numbers using remainders. We then completed our learning post-assessments and pre-assessment on fractions ready to begin this unit on Monday.

PE

On Wednesday we had our PE session indoors due to the hall being in use and for Outdoor PE we started our first outdoor games session on hockey.

Topic and Science

This term, topic and science comes under the same umbrella due to the fact we are learning all about space. This week, the children learnt about the flat earth theory and the spherical earth theory. We looked at how different groups of people believed different things about the shape of the earth and how this changed over time. We then decided

for ourselves what argument for the earth being spherical was the best evidence. On Tuesday, we learnt all about the planets in our solar system and ordered them in terms of their distance from the sun. Some of us went on to use fact sheets to present facts on each planet and explain what happened to Pluto!

I.C.T

In ICT this week, we started our first lesson on making a maze game using the software scratch.

Spellings week 3:
